1. At the First Level, the Customer Relations Team receiving the query/complaint is responsible for the resolution of query/complaint. The Senior Manager-Customer Relations is responsible for ensuring that the query/complaint is resolved to the investor's satisfaction and must attempt to offer the investor alternate solutions. However, if the investor remains unsatisfied with the first response or solution, the issue shall be escalated to the next level for further review.
2. At the second level, the Compliance Officer (Grievance Redressal Officer) reviews escalated or unresolved complaints. The Compliance Officer will assess the issue and work with relevant teams to provide a fair resolution or alternative solution.
3. We aim to acknowledge and respond to queries in two working days and endeavor to resolve complaints within 5 to 7 working days of receipt. However, in all cases, complaints shall be acknowledged and resolved within the timelines prescribed under applicable SEBI regulations and the SCORES framework. 4. [INVASSET](#) is committed to clear and investor-friendly communication. We provide the investor with a resolution response that details our findings, decision and any remedial actions. All responses are given in writing (via email or letter) or the same medium through which the complaint was received, unless otherwise requested. Our goal is to ensure the investor fully understands the outcome and the rationale for the resolution.

5. Closure and Further Recourse: A complaint shall be treated as resolved when a reasoned response addressing the grievance has been communicated to the investor and either the investor has accepted the resolution or no further correspondence is received within a reasonable period, subject to applicable SEBI guidelines. If the investor remains dissatisfied, they may escalate the complaint outside [INVASSET](#) through regulatory avenues as described in the next section.
